

Normandy Historians

Wyke

Heads of Households

From The Wyke Census referencing with the Tithe Maps

Transcribed by C J H Pettitt

The spelling of names has been copied from the original registers and it is noted there may be errors in these. It is also possible that transcription errors have been introduced in the preparation of these extracts. Anyone researching a particular family or property should consult the original registers to verify the details and to find additional information.

Christopher John Pettitt of Normandy Historians transcribed these extracts in 2010 to help researchers of family history for information about past family connections with Normandy.

The "Tithe Map" numbers refer to the number on our maps, these maps can be seen on our website www.normandyhistorians.co.uk
